Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased.

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially dis-guised. In using Dr. Miles' Lax-ative Tablets, however, this diffi-culty is overcome. The shape of tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. MILES MEDICAL CO., Elkhart, Ind.

Great Opportunity for Profit On Increased Value of Government Irrigated Land

Time after time we have seen land jump in value with the building of a new railroad, and history is sure to repeat itself in the BIG HORN BASIN where you can now file on an 80-acre *7:35 sm Newcastle *10:10 am Government irrigated homestead at no cost except the actual cost of water right, and you are given twelve years to repay that-without interest-light payments the first five years. No taxes for three yeare.
